

Leaf Collection

LEAVES MAY NOT BE PLACED OUT FOR REFUSE COLLECTION OCTOBER THROUGH DECEMBER.

Leaf collection on all dedicated roads and streets is scheduled to start the second week of October and continue for nine weeks **or until the first significant snow fall**. Leaves should be placed in the gutter for collection. Leaves should not be placed out in bags or containers. Leaves in bags or containers will not be picked up at this time. The leaf collection crew will work through the Township on a continuing basis without a published day and area schedule. Leaves may be placed in regular refuse containers January through September. Township residents are encouraged to mulch or compost leaves at their residences if possible. Leaf piles that contain large general yard debris cannot be picked up by leaf vacuums.

Christmas Tree Drop Off

Residents can drop Christmas trees at "Tree Drop" signs located at the Warren Recreation Parking Lot, Gouglersville and Grill Fire Stations, the Montrose Manor Playground, the Penwyn Playground (lower level parking lot on Wyomissing Avenue), Augusta Lane in Flying Hills, the rear of Giant, on Harding Avenue, between Tioga Avenue and Bradford Avenue. Look for the signs. Trees may be dropped off at these points until January 27, 2023. Wood chips resulting from the trees are available to residents of the Township on first call basis. For further information, contact the Township Office.

Stream Dumping

Many people think it's okay to deposit organic material like grass and leaves onto a streambank or in a storm drain. What they don't realize is, when it comes to dumping piles of materials in streams, even organic isn't good.

Many leaves and dead plants will naturally fall into the water, but concentrated organic material upsets nature's balance. Yard waste can "super fertilize" streams and ponds, leading to algae blooms and fish kills. These materials use up the critical life-giving oxygen in the water as they decompose. Piles of grass clippings can give off a foul odor as they break down and are unsightly.

Dumping grass clippings along stream banks is NOT recycling and is harmful to natural vegetation. Allowing grass clippings to be washed into storm sewers is also NOT recycling. Storm sewers deposit grass clippings and other harmful materials into streams and rivers. Grass clippings are often contaminated with fertilizers, herbicides, and insecticides.

The best defense against erosion of stream banks due to stormwater runoff is to maintain natural vegetation in that area, called a riparian buffer. Keeping grass clippings OUT of streams and storm sewers will improve the health of the riparian buffer, which in turn will improve the health of streams on which many communities depend for drinking water.

Recycling Events

Please see www.co.berks.pa.us/dept/swa for updates on recycling events.

Registration required for these events.

Household Hazardous Waste - April 15, 2023

Paper Shredding April 22, 2023

Please see www.co.berks.pa.us/dept/swa for updates on recycling events

Pharmaceutical Waste - Medication Drop Box Program

Located in the lobby of the Cumru Township office building (upper level) at 1775 Welsh Rd., Mohnton, PA. Available during Township office hours, 8:00 a.m. to 4:30 p.m., Monday-Friday, except holidays.

Electronic Recycling -

Free to Berks County Residents

Tuesday, Thursday and Saturday

8:00 AM - Noon

County Recycling Center, 1316 Hilltop Rd., Leesport, Pa. 19533

Tire Collection -

Fees apply

Tuesday, Thursday and Saturday

8:00 AM - Noon

County Recycling Center, 1316 Hilltop Rd., Leesport, Pa. 19533

Automotive tires only.

Four (4) per vehicle maximum.

Ordinance #458

YARD WASTE DROP OFF SITE - EXPANDED HOURS

January-March, 2nd Saturday, 10 A.M. to 12 Noon

April-October, 2nd and 4th Saturdays, 9 A.M. to 1 P.M.

November and December, 2nd Saturday, 10 A.M. to 12 Noon

Note: Curbside yard waste collection takes place on a rotating Saturday in April and October for each refuse collection district. Please see the 2023 Refuse Collection Schedule for specific dates and requirements.

Location: Poplar Neck Road

Please watch Cumru Township website for any schedule changes.

The following items will be accepted: Leaves, Garden Debris, Brush and Bushes, Tree Trimmings, Weeds, Flowers and Garden Plants.

The following items will NOT be accepted: No Commercial Vehicles, No Stumps, **No Grass**, No Plastic Bags, No Root Balls, No Treated or Painted Wood, No Railroad Ties, No Tree Branches larger than 5 feet long and 6 inches in diameter, **NO GLASS OR TRASH** Kraft Paper Bags must be emptied.

Fines of up to \$300 will be issued for illegal dumping. Open ONLY to residents of Cumru Township, identification will be required! No commercial vehicles are allowed. The site will be patrolled by police and is under video surveillance. Cumru Township reserves the right to modify the list of items taken at the yard waste site.

Trash/Refuse Collection

Collection shall be once a week for normal, everyday household refuse. No construction waste. Please refer to the attached "Trash Schedule" and color code to determine the collection days for your household. NO HOT ASHES.

Approved refuse containers include 33 gallon cans with handles or tied polyethylene bags, or equivalent, which are designed especially for storage and collection purposes. Refuse containers shall not weight more than 50 pounds each when filled. It is understood that all refuse must be in such containers or securely tied in bundles, in which case a bundle will be considered a container as far as maximum weight is concerned, and no bundle shall exceed 3 feet in length or 18 inches in diameter. Containers are to be provided by the property owners. Each collection is limited to six bags or cans and one (1) bulk item. See other side for bulk item restrictions.

Brush/Yard Waste 2023

There will be two curbside "brush/yard waste" pickups during 2023. The schedule is as follows:

If your trash day is Monday: pickup will be Sat., April 1, 2023 and Sat., October 7, 2023

If your trash day is Tuesday: pickup will be Sat., April 8, 2023 and Sat., October 14, 2023

If your trash day is Wednesday: pickup will be Sat., April 15, 2023 and Sat., October 21, 2023

If your trash day is Thursday or Friday: pickup will be Sat., April 22, 2023 and Sat., October 28, 2023

Please Note:

1. All brush/yard waste must be set out the night prior to collection. There will be no re-run routes.
2. All brush/yard waste is to be in kraft bags (biodegradable bags) or tied securely with a rope of twine not to exceed two (2) feet in diameter, and three (3) feet in length. No wood over four (4) inches in diameter will be taken because of possible damage to trucks. No bundles or bags weighing over forty (40) pounds.
3. The limit per household is 12 bags or bundles.
4. No firewood, stumps, dirt, or rocks will be taken as part of this collection.

Recycling Collection

Recycling collection shall continue to be every other week. Please refer to the attached "Recycling Schedule" and color code to determine the collection days for your household.

Note: Our recycling program is a single-stream program. This means all recycling materials can be mixed in the recycling container. Items to be placed in the blue and yellow recycling container include: clear, brown and green glass; aluminum, steel and bimetal cans; plastics marked 1 through 7. We will now accept corrugated cardboard and cereal boxes, (no waxed cardboard or boxes that came in direct contact with food, such as pizza boxes), paper board, newspapers, magazines, and phone books. Please break down all boxes.

Holiday Rules

Trash and recycling collections shall not be made on the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas. All services will be delayed one day if the holiday falls on or before your service day. Please follow the color-coded calendar.

If you experience any problems with your trash or recycling collection, call the Township Office during the next business day at **(610) 777-1343**.

LITTER From the Pa Department of Environmental Protection

Why care about litter? Litter is improperly managed waste. It can include waste that is intentionally improperly disposed, such as cigarette butts, food packaging, and other trash discarded by pedestrians and motorists. Litter also includes waste that is unintentionally improperly disposed, such as trash from overflowing trash cans, unsecured loads that accidentally release trash from pick-up truck beds or other open vehicle compartments, or vehicle debris from vehicle accidents. Whether intentional or unintentional, litter negatively affects the environment, quality of life, and economic development in communities across Pennsylvania.

- What can we do to reduce litter?*
1. Reduce consumption of single-use products.
 2. For single-use products, make them recyclable products whenever possible.
 3. Dispose of trash properly, including cigarette-related trash.
 4. Leave No Trace. Check out the PA Department of Conservation and Natural Resources' website for more information.
 5. Secure loaded vehicles.

BARRELING ALONG From the United States Environmental Protection Agency

Non-point source pollution is caused by rainfall or snowmelt (stormwater) moving over and through the ground, carrying pollutants with it to streams, reservoirs, and rivers. Types of pollutants include excess herbicides (weed killer), insecticide, and soil eroded away from stream banks. Non-point source pollution can affect drinking water and kill fish. A rain barrel helps reduce non-point source pollution by capturing rooftop runoff for use in irrigating gardens and lawns.

- Rainbarrel tips**
- Do not use rain barrel water for drinking, cooking, or bathing.
 - Make sure the screen is secure on the intake to prevent mosquitoes from breeding in your rain barrel.
 - Divert the overflow to a grassy or planted area.
 - Disconnect the rain barrel during the winter to avoid freezing and breaking of the rain barrel.

- Keep the lid and screen secure so children and/or animals cannot fall into the barrel.
- Best of all, a rain barrel can save you money on landscape watering costs!

BULK ITEM PICKUP

Residents may dispose of one (1) bulk item per week through curb side collection.

Please have your waste, recycling and one bulk item available for collection at the curb by 6:00 a.m. on your scheduled day. The hauler may begin picking up at 6:30 a.m.

Accepted materials – appliances (**NOTHING CONTAINING FREON**), furniture, mattresses, box springs, plumbing fixtures such as toilets and sinks, three (3) four-foot rolls of carpet (tied).

Unacceptable materials – Electronic waste (computers, televisions, etc.), chemicals, stains, liquids, batteries, automobile parts, hazardous waste, tires, tires on rims, commercial and industrial waste, construction materials (drywall, brick, block, lumber, shingles, tiles, concrete, replaced windows, etc.).

Additional instructions – Items which are too heavy to be lifted into a truck by two people will not be accepted. Additional trash bags are NOT considered a bulk item.
